

How is your Metrohm system

Why now is the right time
to think about service

How is your Metrohm system ?

Why do we ask
our customers this
question?

Because we care!

You have put your trust in us, and we want you to be happy with your Metrohm system – today, tomorrow, and in the years to come. And that is precisely why we think regular service is key to any good and long-lasting customer relationship.

Why should I invest in service and maintenance now?

Why service now?

- Always keep your Metrohm system at peak performance
- Maximize system availability and avoid unplanned downtime
- Control and minimize the cost of use

Why service from Metrohm?

- See one of our experts regularly to consult on your system
- No one knows your system better than we do
- Trust in our expertise with regulatory requirements
- Enter a long-term relationship with people who care

Don't hesitate,
let's talk about
service now!

Premium Swiss quality

With your Metrohm system you have chosen premium Swiss quality. If properly cared for and maintained, you can rely on the performance of your system for many years. These are our service agreements in a nutshell:

Their structure is **simple and flexible**

Our standard service agreement is based on a **regular preventive maintenance** visit

Our prime service agreement gives you **peace of mind** with **maximum protection** of your system

You can upgrade and **customize your service agreement** by selecting additional benefits and add-on services from a modular kit

Because We Care: Welcome to the new Metrohm Service World.
