

Snap cap with red/white septum, 1000 pieces

6.2743.120

Snap cap with septum for 11 mm vials. Provides reliable sealing and broad chemical compatibility for routine laboratory analysis

Quantity: 1000 pieces

Phụ kiện tùy chọn

6.2743.100
Vials PP, 0.7 ml, U-shape, 1000 pieces

Maximize sample recovery with this 0.7 mL vial designed for low-volume analytical applications. The vial features a low-dead-volume insert design that enables efficient sample extraction while minimizing waste.

Quantity: 1000 pieces

6.2743.107
Vials PP, 0.7 ml, U-shape, 100 pieces

Maximize sample recovery with this 0.7 mL vial designed for low-volume analytical applications. The vial features a low-dead-volume insert design that enables efficient sample extraction while minimizing waste.

Quantity: 100 pieces

6.2743.110
Vials PP, 0.3 ml, V-shape, 1000 pieces

Maximize sample recovery with this 0.3 mL vial designed for low-volume analytical applications. The vial features a low-dead-volume insert design that enables efficient sample extraction while minimizing waste.

Quantity: 1000 pieces

6.2743.117

Vials PP, 0.3 ml, V-shape, 100 pieces

Maximize sample recovery with this 0.3 mL vial designed for low-volume analytical applications. The vial features a low-dead-volume insert design that enables efficient sample extraction while minimizing waste.

Quantity: 100 pieces

6.2743.127

Snap cap with blue septum, 100 pieces

Snap cap with septum for 11 mm vials. Provides reliable sealing and broad chemical compatibility for routine laboratory analysis

Quantity: 100 pieces
